

MERQUINSA exhibited TPU novelties for adhesives at PU TECH 2008 held in New Delhi, India.

Merquinsa presented its latest product developments in the Pearlstick® and Pearlbond® product families for the Indian market, alongside its agent in that country, Bharat Enterprises.

The novelties of Pearlbond® TPUs for adhesives featured new Renewable Pearlbond® ECO TPU series that can be applied for reactive hot-melt polyurethanes, shoe stiffeners and thermobonding. While new incorporations to the Pearlstick® product family included Pearlstick® 45-75/22 and Pearlstick® D48-60/30 specially aimed for adhesive fields such as sole bonding.

Merquinsa also participated in the conferences held during the exhibition with the paper “New TPUs for Adhesives from Renewable Sources”.

MERQUINSA would like to thank again all its customers and visitors who visited us at the stand.
